

practicum proposal

Eagle Rock School & Professional Development Center welcomes visitors who wish to learn more about our learning community through an unpaid (room and board may be possible) practicum. However, because more people wish to work with us than we can accommodate, we must ask those who want to be with us for any length of time to prepare a proposal outlining the work they wish to do here and describing the support they need from Eagle Rock to accomplish that work.

To begin the application process for a practicum, please submit a vita or resume and a proposal of no more than two pages that addresses the following questions:

1. What questions do you seek to answer during your practicum at Eagle Rock?
2. What makes Eagle Rock the right place for seeking answers to those questions?
3. What plan do you have for answering those questions?
4. What do you need from Eagle Rock staff and students to get answers to your questions?
5. How do you think your work here will benefit Eagle Rock? In what way will you add value to what we are trying to accomplish at Eagle Rock?
6. What specific dates are you interested in spending with us?
7. What reporting is necessary on Eagle Rock's part to your educational institution?

Please send your vita and proposal to Dan Condon, Associate Director of Professional Development, using the address at the bottom of this page. Indicate the dates you would like to be in residence at Eagle Rock in your cover letter.
